Focus Area 6: Learner-Centered Experience

Key Question 1: Are we creating engaging learning experiences that are inclusive and collaborative?

Initial Status: Maintain but Consider a Change

Goal 1 Details	Reviews			
<p>Goal 1: As part of the UBD process, focusing on Stage 3 (instruction), I will collaborate with the campus Digital Learning Coach and Instructional Coaches to design and maintain a classroom that fosters Learner-Centered Instruction. This will be achieved by creating lessons that reflect deeper learning conditions (authentic, active, complex, relational, and/or responsive). Based on data, I will use prioritized Frisco ISD instructional practices such as Future Ready Framework, Inquiry-Based Instruction, Blended Learning and Artificial Intelligence (AI) tools. After each lesson, I will reflect in PLC on the lesson design, implementation, and impact of deeper learning conditions on student learning.</p> <p>Staff Responsible: Teachers, Digital Learning Coach, Instructional Coaches, Content Team Leads, ESL, CISF, Case Managers, counselors</p>	Formative			Summative
